2024 Foundation (Prep) Students

Dear parent/guardian,

Little River Primary School is looking forward to another great year of teaching and learning and would like to advise you of Little River Primary School 's voluntary financial contributions for 2024

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to maintain our high-quality reading, writing and maths programs, as well as other curriculum areas such as Art, PE and Indonesian not to mention maintaining and improving our school grounds. In recent times we have been able to do the following projects:

- Continuing to improve areas of the school grounds including additional planting, painting, improving lightning for safety and maintenance works.
- Providing access to a range of technologies for all students including iPads, Chromebooks and robots

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Gavin Nelson
Principal

Jacqui Dyson
School Council President
